SUMMARY

Full-stack developer with hands-on experience architecting and deploying production systems, alongside award-winning AI and AR applications. Skilled across backend, frontend, mobile, and AI/LLM integration, with a track record of turning business requirements into scalable, secure, and maintainable solutions. Experienced in leading projects end-to-end, from system design and database architecture to deployment, while collaborating closely with cross-functional teams to align technical decisions with organizational goals. Recognized for innovation through multiple award-winning builds, and driven by using technology to solve real-world problems and create meaningful impact.

WORK EXPERIENCE

IT Supervisor @ Pahtama Group (City Holdings) (Sept 2025 – Present)

- Lead full-stack development of internal apps, websites, and digital systems aligned with organizational goals.
- Translate business requirements into efficient, maintainable technical solutions.
- Architect and deploy AI-enhanced modules for workflow automation and analytics using OpenAI API.
- Ensure usability, efficiency, and scalability.

IT Intern @ Pahtama Group (City Holdings) (June 2025 – Aug 2025)

- Supported software development and IT operations.
- Collaborated with teams to transform business needs into digital solutions.

PROJECTS

Logistics Cost Calculator @ Pahtama Group (2025 – Present)

- Built and deployed a full-stack web system (FastAPI, SQL Server, React), now in daily use to calculate delivery and shipping costs across different locations, routes, and products.
- Implemented role-based access control with JWT authentication, and maintained a full audit trail of user activity.
- Automated daily report generation and log maintenance using scheduled background jobs.
- Built Excel export and reporting tools for finance and operations teams.

AI Financial Management App – “Toe Pwar” (2024–2025)

- Award-winning project at GUSTO Innovation Awards 2024.
- Developed an AI-powered personal finance app to help users manage savings, expenses, and financial goals.
- Promotes economic security by improving financial literacy among youth.

AR Education App – “Thone Phat Myin” (2023–2024)

- Award-winning project at GUSTO Innovation Awards 2023.
- AR-based learning tool developed with Unity Engine to make classroom learning interactive and accessible for students.
- Enhances education through immersive, visual engagement.

EDUCATION

BSc (Hons) Computer Science (2026 – Present)

UNIVERSITY OF WOLVERHAMPTON @ Strategy First International College

Pearson BTEC Higher National Diploma (HND) in Computing (2023 – 2025)

GUSTO COLLEGE

Pearson BTEC Level 3 Diploma in Computing (2022 – 2023)

GUSTO COLLEGE
